

Landlord Forms

Accurate forms, clauses, and checklists are essential to keeping every transaction organized, compliant, and moving forward. Administrators play an important role in ensuring the correct documents are prepared, completed, submitted, and tracked at the right stage of the deal.

The Team Playbook includes dedicated sections for listing, buyer, landlord, and tenant transactions, along with forms and clause resources, templates, checklists, and standard procedures. Use these resources as a reference when preparing a file, confirming requirements, or supporting an agent through a transaction.

When in doubt, refer to the appropriate Team Playbook section and confirm the next step before proceeding.
